## **Class 4**

**NFYFC Farm Machinery Skills Competition** Please read the NFYFC Rules for full procedure, marks and details. Teams should consist of 4 members aged 28 or under on 01.09.23. Members to work together to complete all tasks, planning their own time and duties. Members will have 35 minutes to complete the following tasks. 3 members will be completing the technical tasks, 1 member will be the foreman. During the time an accident will happen marked by an alarm. All must stop and then access the accident. The foreman will delegate who should help with the first aid and when members should go back to their previous task. 4 tasks are:

**Task 1: Loader Tractor and Trailer** Competitor requires a UK driving licence with F entitlement. This must be produced on the day of the competition in order to participate in this task. (The F entitlement can be gained at 16; but is automatically entitled with passing the car driving test).

**Task 2: Tractor and Pasture Topper** Competitor requires a UK driving licence with F entitlement. This must be produced on the day of the competition in order to participate in this task. (The F entitlement can be gained at 16; but is automatically entitled with passing the car driving test).

**Task 3: ATV Handling** Adequate training must have been completed by the competitor who will operate the ATV. At the SCFYFC and NFYFC final a certificate of competence to show 'adequate training' in ATV Handling must be produced. A copy of the certificate must be handed to the judges on the day of the competition. A Certificate of Competence for ATV's, issued by City & Guilds NPTC is more than acceptable evidence of 'adequate training'. The appropriate City & Guilds NPTC qualification is known as the Level 2 Certificate in the Safe Use of All-terrain Vehicles (0014-32). However, a certificate issued by another training provider (e.g. Lantra) will also be accepted. The most basic level of certificate which will be accepted is called an EASI (European All-Terrain Vehicle Safety Institute) certificate; available from most reputable ATV dealers. The EASI certificate is very much a dealer short induction course - a basic operators course designed to familiarise the operator with all the controls and operating procedures, which includes elements of safety. Whilst it ticks the box of 'adequate training', it should not be viewed as a replacement for a City & Guilds type course.

**Task 4: First Aid** At least one of the team must hold a current first aid certificate of either the British Red Cross, St John Ambulance, or an alternative nationally recognised body. The certificate must be no more than 3 years old. A copy of the certificate must be handed to the competition judges on the day of each round of the competition. All teams to provide their own first aid kit.

**Training will be available for ATV handling and first aid. Watch this space for more information.**
